Subject: please,.. please,.. allow us to choose

hello,

i am begging that in your travels through this enormous undertaking of figuring out all this MS Bull#@\$&! that you remember one thing..

freedom of choice,.. this is exactly what microsoft does not allow or promote from a consumer level or corporate level.

do not take away our right to choose, make MS pay for what they have done and in a manner that is fair and acceptable to the rest of the free world, not MS.
